NATIONAL ARCHIVES AND RECORD ADMINISTRATION
FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, consult the current edition of the National Archives publication *Microfilm Resources for Research: A Comprehensive Catalog.* You can also view the National Archives microfilm locator on our web site at *www.archives.gov.*

INTRODUCTION

On the 90 rolls of this microfilm publication, M1903, are reproduced the previously unfilmed records of the Georgia staff offices and subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, monthly reports, registers of patients, orders and circulars issued and received, and other records relating to freedmen's complaints and contracts. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

This film series completes the reproduction of all Bureau records created in Georgia between 1865 and 1872. Many of these records were reproduced in 1969 in National Archives Microfilm Publications M798, *Records of the Assistant Commissioner for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869*, and M799, *Records of the Superintendent of Education for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1870*.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their families or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational

structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. He prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction, based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers. He also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, letters were often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

Constrained by limited resources, Southern opposition, and the politics of Reconstruction, the Bureau faced an enormous challenge in its efforts to assist the freedmen and refugees. Its relief efforts, without question, saved thousands of southerners from starvation. Its attempts to assist freedmen to become self-sufficient, to provide public education, administer justice, and, to a lesser degree, to provide land, all worked with varying degrees of success to lessen the difficulties during the transition from slavery to freedom. One of the Bureau's greatest legacies is the body of records it created and received during the course of its operations. These records are arguably some of the most important documents available for the study of the Federal Government's policies, efforts to reconstruct the South, and Southern social history and genealogy.

THE FREEDMEN'S BUREAU IN GEORGIA

Organization

Bvt. Maj. Gen. Rufus Saxton, who had directed the "Port Royal Experiment," was appointed Assistant Commissioner for South Carolina, Georgia, and Florida. Saxton established his headquarters at Beaufort, SC, in June 1865, and assigned Gen. Edward A. Wild the responsibility for Bureau affairs in part of Georgia. In September 1865, after Wild was relieved from duty, the office of Assistant Commissioner for Georgia was established, and Brig. Gen. Davis Tillson was appointed as Acting Assistant Commissioner, with exclusive control of all matters concerning the Bureau in Georgia. Tillson reported To General Saxton in South Carolina until December 1865, when he was ordered to report thereafter directly to Commissioner Howard at Washington. Generally, the records pertaining to Georgia and Florida that were created during this early period are included among those of the Assistant Commissioner of South Carolina.

The organization of the Bureau in Georgia was similar to that of the Bureau headquarters in Washington. The Assistant Commissioner's staff included an assistant adjutant general, an assistant inspector general, a chief quartermaster and disbursing officer, and a superintendent of education. Three officers served as Assistant Commissioner in Georgia between 1865 and 1869 and located the Bureau offices in four different cities during that period. General Tillson first established his headquarters at Augusta in September 1865 but moved it to Savannah in October 1866. Col. Caleb C. Sibley succeeded Tillson as Assistant Commissioner in January 1867, and 2 months later he moved the headquarters from Savannah to Macon. It remained there until July 1867, when the office was transferred to Atlanta. In October 1868, Maj. John R. Lewis replaced Sibley as Assistant Commissioner. Lewis served until the office was discontinued in May 1869. From January to May 1869, Major Lewis combined the duties of Assistant Commissioner, with those of superintendent of education. After the office of the Assistant Commissioner was discontinued, Lewis continued to serve as superintendent of education until May 1870.

The major subordinate field offices for the Bureau in Georgia, for example, included those with headquarters at Albany, Americus, Athens, Atlanta, Augusta, Columbus, Macon, and Savannah. Under the direct supervision of the subassistant commissioners were the civilian and military agents. Occasionally, the Bureau retained military officers in a civilian capacity after the termination of their military service. For a list of selected Georgia subordinate field office personnel and their dates of service, see the Appendix.

Activities

The major activities of the Freedmen's Bureau in Georgia generally resembled those conducted in other states. The Bureau issued rations and provided medical relief to both freedmen and white refugees, supervised labor contracts between planters and freedmen, administered justice, and worked with benevolent societies in the establishment of schools.

When General Davis Tillson took over as Assistant Commissioner for the Freedmen's Bureau in Georgia in September 1865, many of the major cities and towns in the state were troubled with overcrowding, decease, and poverty. In the cities of Macon, Atlanta, Augusta, and Savannah, freedmen and refugees were living in some of the most crowded and deplorable conditions, and many were in dire need of food and clothing, shelter, and medical attention.[1] Convinced, however, that Federal Government relief should be temporary and solely for the needy, General Tillson issued an order on October 3, 1865, prohibiting the distribution of rations to freedmen and refugees who were able-bodied but refused work. To discourage idleness and dependency, Tillson further ordered that only those persons who were able to provide for themselves would be allowed to remain in the towns and cities. Those who desired to stay, said Tillson, "must be compelled, if necessary, to go to the country and accept places of labor found by themselves, or for them, by officers or agents of the Bureau."[2]

Tillson's orders were strictly enforced. One month after his pronouncement, rations issued in Savannah had been reduced from 120,000 to 60,000 per month. For the month of June of 1866, the number of rations issued for the entire State of Georgia totaled less than 20,000. However, in spite of the Bureau's "self-help" policy, limited resources, and the belief that local governments should play a greater role in providing relief for the destitute, the Georgia Bureau issued some 847,669 rations from June 1865 to September 1866. Although the Bureau's actions prevented wholesale starvation and untold suffering, the agency's rations-relief efforts were far less extensive than what Bureau officials had done during the same period in Alabama, North Carolina, South Carolina, and Virginia. Tillson's successors, Assistant Commissioners Caleb C. Sibley (January 1867–October 1868) and John R. Lewis

(October 1868–May 1869) continued to follow the policy of providing limited rations relief. During their tenures, rations were issued only in emergencies and for the most part to hospitals and asylums.[3]

The Georgia Bureau's policy of temporary relief for the needy also guided its approach in providing medical care and assistance for the destitute. Like its ration program, the Bureau viewed its responsibility as one of providing temporary medical relief, primarily in cases of extreme emergencies. The Bureau believed that the ultimate responsibility for providing medical care to those in need lay with Georgia civil authorities. J. W. Lawton, who served as surgeon-in-chief under General Tillson, saw the use of dispensaries as the best means of administering medical relief and the most effective approach to encourage civil officials to take on some of the cost for operating them. Lawton and his successor at various times maintained dispensaries at Albany, Americus, Brunswick, Columbus, Darien, Newton, St. Catherine's Island, St. Marys, and Stone Mountain. The Bureau's medical department also opened hospitals with the idea of eventually turning them over to state and local authorities. The Bureau maintained hospitals at Atlanta, Augusta, Columbus, Macon, and Savannah. At the height of its medical operations (1866–67), however, the agency employed just 13 physicians. Nonetheless, with its limited and over burdened medical staff, the Bureau treated more than 5,000 freedmen for various aliments and vaccinated some 20,000 freedmen and refugees against smallpox from September 1, 1865, through September 20, 1866. By September 1867, the number of freedmen treated by Bureau nearly tripled. At the end of June 1868, close to 17,000 freed men, women, and children received treatment. Despite the Bureau's efforts to treat the weak, the sick, and infirm, the mortality rate among freedmen remained high. By late 1868, most of the Bureau's medical activities ceased, and care for the destitute was turned over to local authorities.[4]

In Georgia, as in other states under the Bureau's jurisdiction, the regulation of written labor contracts between planters and freedmen was of paramount concern. General Tillson's order of October 3, 1865 (Circular Number 2), which restricted the issuing of rations only to those in need, also instructed his subordinates to "make immediate and vigorous efforts" to secure work for unemployed freedmen "where fair compensation and kind treatment will be secured to them." Upon arrival at his

post in early September 1865, Tillson found the labor system in Georgia in disarray. Able-bodied freedmen were being paid from $2 to $7 per month. Many were of the notion that the Federal Government was planning to distribute land to them at Christmas or New Year's, and thus large numbers of freedmen were refusing to sign labor contracts. Planters, on the other hand, were convinced that the Bureau was the "champion" of the freedmen and totally insensitive to their concerns about freedmen and their unwillingness to labor, and were thus making little effort to prepare for the planting season.[5]

On December 22, 1865, in an effort to remove "false and mistaken impressions" held by the both planters and freedmen, Tillson issued wage guidelines that both parties were expected to follow. Under the new rules, freedmen had the right to choose their own employers, but those freedmen who refused to sign contracts after January 10, 1866, "where employers offer good wages and kind treatment," had to accept contracts that the Bureau made for them. In upper and middle Georgia, where the land was poor and unsuited for raising large quantities of corps, Tillson instructed his officers to secure contracts paying men $12–$13 per month, and $8–$10 dollars per month for women. Freedmen were to provide for their own clothing and medicines. In other parts of the state and along the coast and south-western Georgia, where "good crops" could be raised, men were to be paid $15 per month, including board and lodging, and women $10 per month. In areas where planters preferred to pay a share of the crop, the order required payment of "from one-third the gross to one half the net proceeds."[6]

Realizing that not all planters would comply with his new wage guidelines, Tillson instructed his subordinates to call on the military to enforce his orders whenever necessary. He was aware in spite of his orders, many of the contracts being signed, even some approved by his own agents, were substandard and not in compliance with his wage schedule. He made clear to both his agents and the planters that such contracts would not be recognized. To emphasize the importance of and his commitment to fair contracts and compensation for freedmen, Tillson offered transportation to freedmen to such areas as southwest Georgia and the Mississippi Valley where wages were higher. In a November 1866 report to Commissioner Howard, Tillson indicated that he had issued 381orders for transportation for some 2,947 men and 1,013 children.[7]

Safeguarding rights and securing justice for freedmen was a major area of concern for the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Howard on May 30, 1865 (Circular Number 5), Assistant Commissioners were directed to "adjudicate, either themselves or through officers of their appointment, all difficulties arising between negroes themselves, or between negroes and whites or Indians." In response to Howard's circular, General Tillson issued an order on November 15, 1865 (Circular Number 4), instructing his officers to hear and make determinations in cases involving freedmen in which the disputed sum did not exceed $50, or the punishment did not exceed $50 or 30 days' imprisonment. Agents were also told that they could "try offences committed by or against freedmen, provided the sentence imposed does not exceed one hundred and fifty dollars or imprisonment for at hard labor for sixty days." Tillson further ordered that "It is preferred that all cases of any importance . . . whenever under the laws there of [the State of Georgia], or by agreement of the parties . . . [where] the testimony of Freedmen can be admitted . . . the Agent will turn them over to the civil authorities for trial." To carry out Tillson's orders, agents were to establish three-member tribunals (known as freedmen's courts) consisting of a Bureau official and two citizens, one chosen by each party involved in the case.[8]

However, when the Georgia State Legislature passed an act conferring civil rights on "persons of color," approved March 17, 1866, Tillson advised his officers on April 6 (Circular Number 4) that they were no longer required to comply with Commissioner Howard's orders of May 30, 1865. While Tillson told his agents that they were to continue to follow instructions issued by him on November 6, 1865 (Circular Number 4), "all cases exceeding their jurisdiction, unless otherwise specially directed by the Department Commander, [were to] be turned over to the civil authorities of the State for adjudication." Despite the Bureau's efforts to secure justice and civil rights for freedmen in Georgia, blacks continued to complain to the agency about some of the "most fiendish and diabolical outrages" suffered by them at the hands of gangs known as "Regulators," "Jayhawkers," and the "Black-horse cavalry." Perpetrators of crimes against freedmen were often not apprehended or prosecuted by civil authorities. At various times, because of increased hostilities toward freedmen and the failure of civil authorities to take action in their cases, Bureau officials in Georgia were compelled to reassert their authority.[9]

Bureau educational activity began in Georgia in October 1865, when G. L. Eberhart was appointed as superintendent of schools (later education). In August 1867, Edward A. Ware succeeded Eberhart. In January 1869, Assistant Commissioner Maj. John R. Lewis assumed the duties of superintendent of education. Lewis served

in both capacities until May 1869, when the office of Assistant Commissioner was discontinued, and remained as superintendent education until May 1870. The records of the two offices were not combined. Ware, who had been acting as assistant superintendent, remained in Georgia as acting superintendent until August 1870, when all Bureau officers except the claims agents were withdrawn from the state.

Congress's failure to provide an appropriation for the Freedmen's Bureau during it first year of operation, impacted significantly on the agency's ability to provide adequate assistance for freedmen education. With limited financial resources, the Bureau provided help when it could, and worked vigorously to encourage freedmen and Northern benevolent societies to taken on the primary responsibility for providing support for black schools. G. L. Eberhart and his successors were of the opinion that "colored people who are unwilling to help educate their children do not deserve to have schools." To encourage freedmen to participate in this self-support effort, Eberhart urged them to establish educational associations. With assistance from local Bureau agents, educational associations were established in the subdistricts of Thomasville, Bainbridge, Albany, Georgetown, Cuthbert, and Americus. In early 1866, the "pay your own way" policy led to the founding of the Georgia Educational Association (initially organized as the Georgia Equal Rights Association). The Educational Association worked closely with the Bureau and Northern aid societies and became the model "to encourage the people [freedmen] to organized effort in supporting their own schools & managing their own affairs." By the end of 1866, freedmen owned 57 schoolhouses and provided support for 96 of the 127 schools in the state. By the spring of 1867, freedmen contributions sustained some 104 schools and teachers and more than 3,000 students. During the same period, the Bureau maintained some 44 schools and 50 teachers and close to 3,100 pupils. Northern aid societies provided support for 84 schools, 78 teachers, and over 7,000 students. Freedmen also defrayed the expenses for 45 schools under the control of the Bureau and the aid societies.[10]

With the passage of the Army Appropriations Act on July 13, 1866 (14 Stat. 90), the Bureau received its first appropriation and was able to provide greater assistance in its effort to support freedmen education. In addition to providing some $21,000 for state superintendents' salaries, the Act made available $500,000 more for the rent and repair of school buildings. In the same month, Congress overrode President Andrew Johnson's veto and extended the life of the Bureau for 2 years. In this new legislation (14 Stat. 173), the Bureau was allowed to "seize, hold, use, lease, or sell" Confederate property for the purpose of educating freedmen. The act also required the Bureau to work closely with benevolent groups and to lease buildings to those associations that supplied teachers. By early July 1869, the Bureau had expended nearly $105,000 for the construction and repair of school buildings that provided accommodations for 4,690 students. The Bureau spent an additional $10,471 for the

repair of buildings that provided part-time space for more than 3,500 pupils. By the time the Bureau withdrew from Georgia in 1870, the agency had contributed funds for the building of some 50 schools in the state.[11]

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, special orders and circulars issued, registers of complaints, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, general orders and circulars received, monthly reports, and records relating to complaints, labor contracts, patients, and court papers.

LIST OF BOOK RECORDS OF OFFICERS

The single-volume list of book records of officers in Georgia (no date) is arranged by office, with records of the Assistant Commissioner first, followed alphabetically by locations of the subdistrict offices. Included in the list of book records are the type of record in each book or volume, the dates of the volume, and the volume number. Throughout this introductory material and in the Table of Contents, the AGO volume number appears in parentheses in the series descriptions of the records.

RELATED RECORDS

In the same record group, RG 105, and related to records of the Bureau's field offices for Georgia, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Georgia and South Carolina. These record series are available in the following National Archives microfilm publications:

M742, *Selected Series of Records Issued by the Commissioner of the Bureau of Refugees, Freedmen, and Abandoned Lands,* 1865–1872

M752, *Registers and Letters Received by the Commissioner of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872*

M803, *Records of the Education Division of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1871*

M798, *Records of the Assistant Commissioner for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869*

M799, *Records of the Superintendent of Education for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1870*

M869, *Records of the Assistant Commissioner for the State of South Carolina, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1870*

Records in other record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821–1920, Record Group (RG) 393, are records of the military district of Georgia. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865–1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with the bank branches in Georgia.

There have been numerous books, articles, and dissertations published about the Freedmen's Bureau and its operations. For Georgia, see Paul A. Cimbala, *Under the Guardianship of the Nation: The Freedmen's Bureau and the Reconstruction of Georgia, 1865–1870* (Athens, GA: 1997). For general background, see Paul S. Pierce, *The Freedmen's Bureau, A Chapter in the History of Reconstruction* (Iowa City, IA: 1904); George R. Bentley, *A History of the Freedmen's Bureau* (Philadelphia, PA: 1955); and Paul A. Cimbala and Randall M. Miller, eds., *The Freedmen's Bureau and Reconstruction: Reconsiderations* (New York: 1999), especially pages 93–118.

Several books written about Commissioner Oliver Otis Howard include O. O. Howard, *Autobiography of Oliver Otis Howard* (New York, NY: 1907); John Alcott Carpenter, *Sword and Olive Branch: Oliver Otis Howard* (Pittsburgh, PA: 1964); and William S. McFeely, *Yankee Stepfather: O. O. Howard and the Freedmen* (New Haven, CT: 1968).

Dr.

I am in receipt of
ting communications from you to
Genl Wilson Apt Comdt for Ga. in
which you ecdy attention to the condi
of the poor whites & blacks in Macon
& vicinity needing medical care.
I have been unable before to answer
these, being on a tour to the coast, with
the General.
I will give my earliest at-
tention to the matter, and am glad
you have written me of it.
it will however be impossible to do
so at once, as Genl Wilson has pro
been relieved and no successor
yet arrived. The organization of
the Bureau seems to me imperfect
as it provides for the employment
of Surgeons under Contract, but
makes no appropriation for this pay,
this to be done by the Apt Comdt.
This State has no funds and I find
my hands completely tied, for I cannot
know an willing to serve without
pay.
I will make Contracts
with one or both of the gentlemen
you mention, upon your recommend
ation, approving Requisitions for Med
supplies, & do these all in my
power. I hope soon to open a
Hospital with a Surgeon of the
Bureau in charge.

Respectfully &c

Sir.

Genl Wild handed me a communication from you of Augt. 17- evidently referring to previous correspondence- he has been relieved & no successor yet been appointed- I will hand your letter to the Apt Comr as soon as he arrives-

The reason of my reciving this letter, was the allusion to Dr Boyd- Medical officers are very much needed in the Bureau, and in this State- there has been, however no appropriation for this payment: it being provided such shall be paid from funds in the hands of Apt Comrs-

If Dr Boyd will come here, I will give him a Contract for $100, or $110. per month. only he will not be able to receive any pay for the present. for want of funds- Some changes must be made by the Supt Examiner, providing for these expenses- a better plan would be for him to write to Surg C.W. Homer. U.S. Chief Med officer of the Bureau at Washington, & request him & Contract, to be assigned to me- I would be glad to have him come-

Respectfully &c

Sir.

I desire to call your immediate attention to the need of Med. officers in this Dist- By Circular 14- from your office I am authorized to employ Contract Surgeons, at such points as may be agreed upon, but from funds in the hands of the Apt Comrs- There are no funds in this State, and Genl Wild (now absent) informed me, that for months he would be unable to furnish me funds for this purpose- Lt. Col. Boucher. Med Dir of this Dept. informed me he could not detail me any Med. officers, as he needed more than he has- Dr Dewitt cannot, for he requires more than he can obtain for service on the Sea Islands- I beg you to send me a few, for frequently I get letters from various points, calling attention to the demand for aid for the poor white & Colored people, and I cannot help them-

On my visit to Beaufort I was ordered by Genl Saxton to confer with him subject to his orders, & report to Dr Dewitt- I suppose this is right, as the Genl commands in both States, though I am senior to the Dr- I allude to this, only to ask you, if you desire me to send all Reports through or to him, & receive instructions from him-

As yet I have received no Blanks, or forms for Reports, and cannot render any Reports as I have not seen the forms-

I want very much to send out once, two or three Hospitals at least, but I am not completely my hands as yet. I may make Contracts, but have no provision for pay- of course I cannot get any one to serve on such conditions- I want suppose Blanks, instructions which I can report upon, as a surgeon in charge, or to Dr Dewitt, as a subordinate to him-

Very Respectfully &c J.W. Lawton, &c

I respectfully request that the Building recently turned over by Maj. Gen. Steedman to Genl Wilds for use as School or Hospital may be placed at my disposal for fitting up as a Hospital for poor whites & blacks, of this city and region.

It is absolutely necessary that some provision be made at once for these classes, as they are suffering very much, and the Quarters at present occupied, are utterly unfit for human beings.

Circular Letter:-

Sir.

In organizing the Medical Dept of the Bureau in this State, the Asst Comrs desire information on some main points relating to your town, and vicinity.

1st Are there many poor & needy Refugees and Freedmen?

2d Are there many sick, infirm, and aged unable to take care of themselves.

3d Does the Smallpox prevail?

4th What provision has been already made, for the care of these classes, and by whom?

5th Are any Hospital accommodations provided — if not, and they needed?

6th Can suitable buildings be procured for such classes, for those purposes, and will resident Physicians contract at reasonable rates not exceeding $100 — per month, to attend them?

I hope soon to visit the city, to ~~make~~ meet these wants as far as practicable, by establishing Hospitals as may be needed —

If you will favor me as soon as possible, any information you may obtain on these or other important points, I will be enabled to act more directly, and appreciate the favor on your part.

Sir.

I have the honor to acknowledge receipt of Dirt Tables, and Communication of date, 20th - So far the only Hospital under my jurisdiction is in this city, and has been under the care of the Local agents

I have assigned Asst Surg Dr Hamm, in charge and forward by this mail his Requisitions - as that as present I cannot furnish copies of "Dirt Tables" in use -

Surg Dr Wiet has promised to order the Med officer in charge at Savannah to report to me - no report yet received

I presume you wonder why you do not receive any Hospital Reports from this District - but truly World Lint bids was shen, & until Gen Tillson came I was completely shocked, in every effort to organize, & could not even get a Contract approved - The Quarter Master dept has also shown more than usual hostility or inability to aid -

Sam getting on now well - and have a large Hospital opening here with a small pox branch - I shall open others in Columbus Macon Atlanta, & other points as fast as needs - I find it necessary to give my personal attention to this matter and shall go up next week to other points -

One plan I have adopted, which works well, and you may find it worth suggesting to other Surgeons In all these Negro towns are Colored Benevolent Societies -

I have talked with the Committee, and

in some cases, go before the meetings and explain my mission duties & purpose, and ask them to bring their contributions to this channel - we work together, and I have a pledge of $75 - $100 - as more per month for the Hospital & Home

I ask them together for better conduct & more economy -

I propose to open a Dispensary where poor colored people can come for examination gratuitously, and charge a small amount for medicines, using it as a fund, and reporting the Medicines - expended -

Have you any objections to this plan?

Your joint Com[n]
of Sept 29th is rec[d] — " "

As the Bureau is getting better
organized, it is my duty to assume charge
of these Med matters and relieve the
Military Med officers, if it —

Two things I have to say now —
1st It will be impossible for me to anticipate
a contract with you to the time you
mention, (May) as Dr Gas got them at
the time, nor was the Bureau working
this joint you must see — I know no
reason, however, why you cannot make
good your claim against Government
& as you state. & Dr McClure says to
me, for exertion at the request of the
Med Dir. of the District you ought to
have this in writing, such an instrument
would insure your claim. I will explain
more minutely when I see you —

2 — I cannot afford to engage two
Med officers to attend one Hospital
unless a large one — If the Wards of
the Freedmen of Macon & vicinity require
a general Hospital for sick & injured
I will so inform, making the small pox
Hosp. a Ward of it, with one of you in
charge, the other in charge of the small
pox ward — When Medl services is
given $100.00 per month is allowed — pays your
own Government, except for public duty — I shall be
in Macon soon & see you —

Colonel,

Yours of 28th inst. accompanying application of Dr. Jones has been referred to me. In answer permit me to state that, there are already two physicians on duty at the Hospital at Augusta and all applicants there for medical assistance will be attended to. I do not consider it necessary to have another medical officer at Augusta and if it were, I prefer having one whos time and services are not limited by the demands of a private practice.

Very respectfully
Your obedient Servant. J. V. De Hanne

Doctor,

Yours of the 21st inst. enclosing a plan of the new hospital, is received. I would suggest some additional buildings and remind you of all the requirements of such buildings.

Instead of putting your Asst. Hosp. Steward in the Commissary Qrs., the Commissary Clerk should be placed there. You will need a dispensary; to which should be connected a store room for Hosp. Supplies (clothing, etc.), and Quarters for the Asst. Hosp. Steward and Dispensing Clerk: in addition to these a loft overhead affords convenient and safe storage for Med. Supplies. A room is required for the spare clothing (Knapsack room "?") of your patients, also for nurses clothing, tool in one corner?. A small tight house for tools and waste materials, for condemnation &c., bottles &c.; well secured and placed in charge of the Asst. Steward. Privys for Male & female (Separate) attendants & patients and one for Officers & clerks some also for matrons: these should be directly East & West (if favorable location exist) for either sex, of the wards not nearer than 100 feet. Wash rooms for patients one in each ward are required, also a room for brooms, brushes, pails, &c. to each ward: in women's sick ward, a room for the examination of patients and one for confinements; small rooms at the ends of the wards will best serve these purposes. Good ventilation also arrangements for heating all the occupied buildings must be secured.

Please forward to this office a plan with the above mentioned additions: I enclose the diagram sent, with my suggestions illustrated in pencil: also Asst. Hill's letter to you.

Very respectfully

Colonel,

I have the honor respectfully to invite your attention to the fact that the Apt. Commissary Subsistence at Savannah, declines to issue for patients and attendants in the Freedmans Hospitals, the ration as prescribed in the "Officers Manual"; namely the increased ration for patients and army ration for attendants. The "Officers Manual" having been extant for a period of nearly three months, the Freedmans Hospitals have lost largely by not receiving the authorized allowance.

Colonel,

I have the honor to inform you that the lease of the apartments in the Medical College in Atlanta, Ga., which have been used for hospital wards, will expire on the 15th of April; and on account of the College term of instruction commencing at or about that time these apartments must be vacated. The college premises (outside the college building), are now partly occupied by some of the hospital buildings, and as they are sufficiently commodious, and at the service of the Bureau as long as they may be needed: I would respectfully recommend that a ward be built on these premises, about (60) sixty by twenty (20) feet in capacity; which will be sufficient for all present purposes and will avoid the necessity of moving the balance of the hospital to other premises. The college grounds can be had without rent; moreover at the end of the course of instruction, in August, should more room be required the apartments now in use can be had again at the same rent now paid.

Sir.

I am directed to instruct you to obtain a contract, or lease to secure the premises on which to erect a hospital ward, to the Bureau so long as they may be required and used for that purpose. You will perceive the necessity of securing legally the premises, before money is expended in erecting buildings: to this end it is suggested that a lease be obtained by the payment of a small sum (say one dollar), of the grounds of the Med. College at Atlanta, necessary for the purpose. Without this nothing can be done on those premises.

Doctor,

In order to secure the necessary portion of the land belonging to the Atlanta Medical College, for the establishment of the Freedmans Hospital, you will obtain a valid lease in the legal forms, the parties to which must be the faculty of the Medical College (if they own the property) on the one part, and the Supt. Commissioner Bureau R. F. & A. L. of Georgia on the other part; to be signed by the proper legal representatives, or the parties, as will be valid. The expense of drawing up the papers will be borne by the Bureau, provided no more is paid for the use of the property than is sufficient to make a valid lease. The terms must be specifically set forth, namely that the land leased, be at the disposal of the Bureau for Hospital purposes, so long as required and used for that purpose; not less than two years from date, if the Supt. Commissioner State of Ga. desires to hold it so long.

Doctor.

Your letter of the 6th inst. is received, in answer, you are informed that your construction of par. XXVI, art. IV, is correct; excepting in so far as you extend it to extreme cases. The desire and intention are to avoid unnecessary expense. If your number of patients is considerable, probably your accounts, returns, etc. and the executive duties will require the full allowance of attendants; if the number of patients should decrease very much your need of assistance would also diminish: what is required is that, you should regulate your whole establishment according to its actual requirements, not exceeding the regulation allowance in anything, (as established by the Officers Manual). In regulating your ten per cent chef of attendants, you will estimate the average number of patients, from the means at hand and according to your judgement: by compelling the convalescents to assist, in such ways as they may be able, I think you will have sufficient aid, excepting perhaps in an emergency. Very respectfully
Your obedient Servant,

Sir

I have the honor to acknowledge the receipt of your communication of the 1st inst, asking for an "estimate", I presume of the cost of a hospital; and of a "million from from the Government". The last phrase I do not comprehend the meaning of; but offer the following statements and suggestions in character of a plan which may suit all your purposes.

In my opinion a hospital to accommodate from one hundred to one hundred and fifty beds can be erected at an expense not to exceed twenty five hundred dollars.

If the city council of Albany, and private individuals can raise the sum of from twelve to fifteen hundred dollars, and furnish a site for the buildings, the colored people might be induced to furnish two hundred dollars worth of labor. With this means two wards (hospital) can be put up as a first steps, they should be about 70×22 feet, 8 feet to eavel and 14 feet to the peak, with ridge ventillation and eight or ten glazed windows on each side.

The supplies (extra) you made requisition upon Mag Eldridge of Washington for, will be nearly sufficient to furnish these wards, which will accommodate about sixty patients liberally. While building the wards the carpenters could make sixty wooden bunks, with very little extra expense (the labor of twelve men for one day) The Bureau will carry on the Hospital paying for attendance and medical supplies, stores, fuel &c till the termination of its period of exisance.

If your means are sufficient, you can add to the above plan other necessary accommodations to complete a hospital, such as store house, Dispensary, Surgeon and Clerks Quarters etc.

The necessary additions to the first buildings (the wards) are two sinks, male and female, a kitchen, and dining room, which may or should be in one building: stoves will be furnished by the Bureau. If the above plan is carried out, I think the Bureau will complete the work and in my opinion the whole establishment furnished will be turned over to the civil or some proper authorities, for the use and accommodation of the sick poor when the Bureau Form expires. I trust the above will be satisfactory; be assured no one will shall be disappointed, in the scheme on our side of its performance. I leave for the coast to-night, shall return about the 20th inst hoping your work may be well advanced by that time.

Your official announcement of the robbery at the "Lincoln Hospt" is received. You will continue your exertions through the police of Savannah to discover the perpetrators, and recover the stolen goods: though there is little probability, I presume of success; however make every effort.

I will lay the matter before Gen Devin, and act upon his directions in regard to going to Savannah, though my presence will not, that I can see help the matter. In regard to the stolen goods; if they can not be recovered, you will be compelled to make a statement of the facts, and make an affidavit to it and forward as a voucher with your monthly returns of Bureau property.

You will keep a strict watch upon your attendants, as well as any patients who might have been concerned in the robbery, and remove the balance of the property to your own quarters for security. On looking again at your communication I observe that the Chief of Police refused to render assistance in searching for the stolen property; you will immediately report the case to the Mayor of the City and demand aid, also inform me at once if I am to understand that the Chief of Police positively refused to render aid when applied to, for the reason you state, namely, that no commission of any one in particular was entertained. Sir

Your official announcement of the robbery at the "Lincoln Hospt" is received. You will continue your exertions through the police of Savannah to discover the perpetrators, and recover the stolen goods: though there is little probability, I presume of success; however make every effort.

I will lay the matter before Gen Devin, and act upon his directions in regard to going to Savannah, though my presence will not, that I can see help the matter. In regard to the stolen goods; if they can not be recovered, you will be compelled to make a statement of the facts, and make an affidavit to it and forward as a voucher with your monthly returns of Bureau property.

You will keep a strict watch upon your attendants, as well as any patients who might have been concerned in the robbery, and remove the balance of the property to your own quarters for security. On looking again at your communication I observe that the Chief of Police refused to render assistance in searching for the stolen property: you will immediately report the case to the Mayor of the City and demand aid, also inform me at once if I am to understand that the Chief of Police positively refused to render aid when applied to, for the reason you state, namely, that no suspicion of any one in particular was entertained. Very respectfully J. V. De Hanne Asst Surg U.S. Surg in Chief

P.S. You will report the matter at once to Genl Swayne A.A. Commissioner for his investigation

Sir

I have the honor to invite your attention to the fact that a considerable number of insane colored people have been gathered into the hospitals of the Bureau in this State.

As provisions for this class of people are being made at the State Lunatic Asylum, and the Freedmens Hospitals not being proper places for them; they having been received to relieve the local Civil authorities who could not provide properly for them: I have the honor respectfully to make application for their admission into the State Asylum, under the State Law, they being paupers, and request that you will inform me, or the Asst Com'r B. R. F. and A.L. of Ga, at what time, and in what manner they will be received into the Asylum under your charge. Enclosed herewith is a list of the names, sexes and ages of the above mentioned persons.

Colonel

I have the honor to state that it became necessary recently to move the freedmens dispensary at Brunswick, Ga. owing to the insecurity of the premises formerly occupied I respectfully request that authority be given for fitting up with shelves, drawers and the necessary fixtures for the new premises at an expense not to exceed twenty five dollars. The work is required for the security and preservation of medical supplies.

A. A. Surg. Geo. O. Dalton, USA.

Sir, I have the honor to enclose herewith a circular relating to the means, &c., of procuring a supply of special disinfectants; you will be guided by the same. In making requisition for medical supplies you enumerate the average number of patients of each sex and class (adult-children) and draw in accordance therewith according to the standard supply table, (Circular No 5). You will not require for any supplies not specified in the supply table: the reason for this is that the reasons given for the need of extra supplies are so often considered unsatisfactory that it is apt to delay the supplies to the injury of the patients: if you confine yourself to the supply table I shall not be obliged to hold back the original requisition (for the Med. Purveyor) until satisfied the extra supplies are not disapproved of. By this mail blanks are sent.

Very respectfully, Your obedient Servant: J. V. De Hanne, Asst Surg. USA.

Bureau Refugees, Freedmen and Abandoned Lands,
Office Surgeon in Chief State of Georgia, Macon, Ga. June 13th 1867.

Miss Clayhead,

Your favor of the 9th inst, was duly received, and immediately referred to Dr. Bowes at Augusta (in chg. U. Hospital) for an explanation of the discrepancy between the numbers reported and actually removed to the asylum at Atlanta. The Dr. informs me that all the balance were "discharged" from the hospital; by which I apprehend they were removed by parents or friends when it became known they were to be removed from Augusta.

Twenty four are reported in the Hospital at Macon, ready for removal; they will be sent forward in a day or two; though it is probable the number will be considerably diminished before they get underway.

On receipt of information that you are prepared to receive more, a number will be sent to you from Columbus, Ga.

With many thanks for your kindness, I have the honor to be

Most respectfully
Your obedient Servant,

Sir

I have the honor to acknowledge the receipt of this morning of your favor of the 11th inst. In answer thereto I respectfully state that instructions were given to the Surgeons reporting the class of patients under our consideration, to include none but insane ("lunatic") patients. As to the period of their affliction, in many instances, perhaps in most, little is known; several are reported recent cases. as all of these insane persons are paupers, I presume that the law providing for their care is not construed to apply only recent cases, but all of the class specified.

I shall await with interest the time when these unfortunates can be transferred, and, shall see that all your stated requirements are strictly complied with.

Doctor

The ambulance driver not being an attendant in any sense whatever, is not to be so considered. The sempstress also is an extra and temporary employee only to be retained until the materials for clothing can be made up. Other attendants may be employed as authorized by par XXVI "Officers Manual": altho when a less number will serve only those actually necessary should be retained. The insane patients will be removed about August 1st to Milledgeville. I observe that you still report thirty eight children in the hospital: as soon as the squad of children are received at the Asylum from Macon, which will be on Monday (17th) you will at once send to Miss Craighead all the pauper children she will receive: and discharge all who are not sent; excepting the sick, (perhaps the thirty eight recorded are all sick) if so you should transfer to the orphans asylum all who have no home or guardians, as soon as they recover. By getting rid of the insane and the children, it will be not only less expensive but much less difficult to keep the hospital in good condition. The means of procuring the wooden legs and crutches will be effectively settled to day at once. Requisitions and other blanks will be sent to-day.

I have not had time before to respond to your letter of the 14th inst. containing many inquiries &c. The blanks required have been forwarded; the circular is received. I presume you would not be permitted to exercise any sanitary supervising over plantations even if you had the means of so doing: it is reasonable to suppose that those who feel sufficient interest and responsibility in that direction to afford you any facilities, will themselves do all that can be done.

It is presumed that you will receive the Stores from Americus very soon, transportation for them was sent to Dr Dennard on the 15th inst.

I cannot at present afford you any encouragement in the matter of the transfer of your friend Dr Lodge. I shall be glad to hear what progress you are making towards the establishment of a freedmans at Albany, on the terms recently considered; namely by the aid of citizens.

In reply to yours of the 15th inst accompanying an inspection report of this Hospital by the Inspector Gen. I have the honor to state, at the time the Inspector Gen visited this hospital I had been in charge only a short time. The two men referred to in the Report, were two Freedmen (brothers) not having a change of clothing and no hospital clothing on hand for men. (I have since succeeded in getting a new supply) I had put them to bed and ordered them to remain there until their clothing could be washed and returned to them again. But a moment before the Inspector Gen entered these grounds, while my attention was called in an opposite direction, these two freedmen had got out of bed, and come outside.

The different sexes occupying the same apartment could not be avoided for want of more room. In regard to building the new ward I had no control, that was entirely under the directions of the Chief Q. M.. The Carpenter informed me at the same time that he was obliged to wait until the lumber was sawed at the mill before he could commence the building, which has since been completed and is now occupied. While every effort was made to procure an additional number of attendants in accordance with your directions, it seemed very difficult to obtain good help. Since my arrival here I have done all I possibly could to bring about a reform, to have every apartment cleaned and well ventilated (as fast as circumstances would admit) to promote the interest and welfare of the inmates of this hospital.

Dear Sir

Your letter of the 20th inst, accompanied by an "original" property return and by your own and an attendant contracts for annulment; also oath in reference to public property, and receipts for one copy "officers Manual" are received. I am sorry to say that you have not followed the instructions furnished you in regard to the settlement of account as well as the current business of your dept in the Bureau; I regret it because it will cause you delay which may put you to the inconvenience you express yourself anxious to avoid.

The following reports and returns and corrections must be made in order to conform to the Bureau Regulations and which must be complied with before your accounts can be settled. In making your final returns of property, nothing must be left on hand to be accounted for. The articles so specified should have been issued to A A Surg T. R. Clement, at Savannah and his receipts for them forwarded with your returns. All your returns and other papers relating to Med property must go through this office. Your weekly report of sick and wounded for the week ending (or the period) ending with the closure of your contract must be sent to this office; also your return of the attendant (Ellen Floyd) up to date of the closure of her contract. The copy of the officers Manual must be returned by mail to this office, your receipt for it will be returned as soon as it is received.

In reference to the question about Mr Gray, all that I can state is that he is clerk in the Q. M. dept, and competent to settle your accounts; it may be advantageous to you to employ him to settle your accounts; of that you must judge; also as to what arrangements may be made with him; it is a private business arrangements.

I send you a new sett of blanks for return and trust they may reach this office at an early date.

Doctor,

I return herewith your provision return for July and your letter of transmittal with an endorsement upon it from Lieut. C. E. Morse, a.a.g.m., A. D. at Macon, Ga. Please observe that you have omitted to give the number of persons for whom rations are to be drawn and also the number of the rations due. After correcting these papers you will forward them to this Office, for the approval of the Asst. Commissr. (see Art. V. "Officers Manual". Did Dr. Simmons send you his copy of the "Officers Manual"? if so, please send it to this office by mail and do not receipt for it. In order to complete your property returns, you must forward one of Dr. Simmons' Invoices and one copy of your Receipt to Maj. Eldridge; if you have not already done so; the same in regard to Invoices from Qrs. Wright and your receipts.

Bureau Refugees, Freedmen and Abandoned Lands,
Office Surgeon in Chief, State of Georgia,
Atlanta, Ga., July 26th 1867.

Sir,

I have the honor to acknowledge the receipt of your communication of the 20th inst. relating to returns of unfortunates among the colored people in this District. I regret very much the delay which has attended making the returns in question, but it has proved a very difficult task to procure reliable information as to the numbers of the unfortunates in the subdistricts in the State, and a portion of the information called for in the circular can not be obtained it appears; namely, that which refers to how this class of persons live and whether they receive public aid.

I have endeavored to obtain all the available information of the subject and forwarded the papers on the 22d inst. There are still a number of counties to be heard from, the returns from which will be forwarded as soon as received. Through inadvertancy the last set of returns, from Brt Col. E. M. L. Ehlers, S.A. Commr Subdist of Augusta was not consolidated with the consolidated copy of the returns retained at this Office. I have the honor to forward enclosed a consolidated copy of

the returns thus far received, exclusive of those received from Col. Elder. The statements as to those receiving public aid are so very incomplete and imperfect in every particular; together with the fact that the State has thus far rendered no aid to this class of persons; renders them of little or no value, they have therefore not been consolidated.

I have the honor to be,

Respectfully returned to Brig Gen
Davis Tillson with the remark
that the within application does
not state the number of sick
requiring med. attendance
If the number is large,
& no provision can be made by the
Local authorities for this case
the Bureau will take measures
to provide for them — and if the
Local authorities will engage to
pay the hire of a physician, the
Med dept. will issue necessary
medicines for a temporary
hospital —
But if the number of sick
be small, it is thought that
the Local authorities should
make provision for the care
of these unfortunate people —
The Bureau does not propose
to relieve civil authorities
from the care of their own
sick, but simply to assist
them when they are unable
to provide for them —
Orders from the Bureau dept-
require that Hospitals
shall be established only, when
absolutely necessary —

Respectfully returned to A.A. Surg. E. T. Taylor U.S.A. who will please inform the Sub Asst. Commr that from all previous information a hospital at Brunswick is not required. It is probable that there are a few proper cases for hospital at Brunswick, as there are in every similar locality in the state; but it is not possible to multiply hospitals as these cases might indicate reason for doing. It is believed the best plan would be for the Sub Asst. Commr to apply for transportation to Savannah and admittance there to hospital for them, if the civil authorities will not provide for them. J. Respt returned to Lieut F. A. H. Isbel USA. S. A. Com. The attention of the Inferior Court should be called to the within subject and the expense defrayed by the local civil authorities: the amount required, it is believed, would hardly exceed the cost of freight on public supplies of medicines from New York.

Sir

Your letter of the 29th inst, enclosing the reply of the Clerk of the Inferior Court at Augusta Ga, is received. You will apply to the Inferior Court to convene at as early a date as convenient to take evidence as to the Lunacy and pauperism of certain freed people whom you will present before them, and on these two facts being satisfactorily proved before them to furnish you with a certificate to that effect; on receipt of which, you will notify, through this office, the Supt of the State Lunatic Asylum, that you have certain colored pauper Lunatics under your charge for admission to that Institution on the first vacancy, or on the additions to that Asylum being completed. You can inform the Judges of the Inferior Court, that this action is taken in consequence of an understanding between the Chief Surgeon of this State and the Supt of the State Lunatic Asylum.

Very respectfully, Your Obdt Servt

In reply to your endorsement dated Sept 1st 1867, with regard to the admission of Caroline Taylor, and Rose, insane Freedwomen, I enclose a copy of the Official Letter from this Office dated June 6 1867, to which your attention is directed. In the event of any more insane patients applying, or being sent to Your Hospl for admittance, you will hand them over to the Civil Authorities to be by them sent to the State Lunatic Asylum, on the Order of the Inferior Court.

As the transportation order in this Office will cover the Conveyance of the three insane patients in your Hospl, to Milledgeville, an order is enclosed for them, and (2) two attendants, with return transportation for the latter, but you must distinctly understand that the Bureau cannot any longer undertake the care of such cases. Act Asst Surgeon Geo O. Dalton, in charge of Freedmens Dispensary at Albany Ga, has forwarded his pay account for the month of August 1867, claiming the 25 per cent additional Compensation allowed by order of Major General O. O. Howard Commissioner dated June 15 - 1867.

The A. A. G. M. declines paying this 25 per cent additional, as in the Circular Letter from the Commissioner dated August 1st 1867, the pay of Act. Asst Surgeons is laid down at $100 00 per month. As this is an exceptional case, and the grant was made under Circumstances which still exist, I would respectfully recommend that the 25 per cent additional Compensation be continued to Dr Dalton.

During our late inspection of the Hospitals and Dispensaries in this State, I found the following diseases very prevalent among the colored people viz. Worms (especially Lumbricus) - Asthma, and Ague. The China tree, and Jerusalem oak, both excellent Anthelmintics, Stramonium for Asthma; and Willow, the Infusion or Tincture of which is a powerful adjuvant to Quinine in the treatment of Ague, grow all over the State. In view of the approaching closing of the Bureau - I would respectfully suggest that a Circular from your Office, teaching the uses of these common and accessible remedies, might be of the greatest service to the Colored people

Sir

In my late inspection at Albany, I found that another Acting Asst. Surgeon is much wanted there, as it is impossible for one to do justice to the immense number of freed-people who apply for Medical assistance. I should most strongly recommend the establishment of a Hospital there, or, at the least, that the Dispensary be made an establishment for out-door relief, and not for the supply of Medicines only.

With reference to your Circular Letter dated September 1st 1866, I propose, as soon as possible, to close the Hospitals at Atlanta, Augusta, Savannah, and Columbus, retaining the Hospital at [illegible] as the most central and accessible, to which I intend to remove the destitute, infirm, and altogether permanently disabled. The Hospital there is situated on high rolling ground outside the city, is well supplied with water, and has a plot of ground available for a garden.

The necessity for a Hospital at Albany is urgent and imperative

and much suffering must be the consequence if not established, as Typhoid Pneumonia prevails during the winter & spring months, in which medicines are of comparatively little avail, unless their use is backed up by stimulants and nourishing diet and these the freed people are utterly unable to afford, in fact during a long illness, it is principally due to the charity of people of their own color that they are able to procure the barest necessaries of life. Suitable ground for a Hospital can be found on the property of a Mr. or Colonel Tiff. His high, well supplied with water, and shaded by oak trees. With these two Hospitals, at Macon, and at Albany. And Dispensaries at Atlanta, Augusta. Savannah, Columbus, Brunswick, & Darien, the Medical Department could be well carried on, and the burden gradually shifted to the shoulders of the State Authorities, and as the first step of this, I would propose to close the Dispensaries at Augusta and Savannah, and compel the Civil authorities there to look after the sick freed people, as they are well able to do so, and the colored people are taxed equally with the white

It causes me sincere regret to be obliged to request that you will be good enough to send me a Contract Surgeon to relieve Dr Geo. O. Dalton, at present in charge of the Dispensary at Albany.

The necessity arises from an official Report having reached the Office of the Asst Com, that Dr Dalton has yielded to the habit of drinking to excess. Dr Dalton has been a most faithful, and hard working Agent of the Bureau, and it will be difficult to find a man who will perform the Amount of work that he has done, and do it to any Acceptance.

There are many extenuating Circumstances in this case as he is a man of very delicate Organization, and has had an immense deal of work to do in a very unhealthy district, but as he has already been warned against the Consequences of drinking to excess

I'm pursuaded (as I also express'd [illegible]

other cause to grant, but to request that an Acting

Dr James M Laing
Surgeon in Chief. Dept of Ga.

Sir

I have the honor to state that freedpeople are brought to this Hospt daily in a dying condition, they having no home nor friends in the City, as they state to me.

The Mayor has sent me freedmen twice in the same day, accompanied the second time by a police Officer who was instructed to say to me that if I could not admit the patient in Hospt, he would have to lay in the streets. I did not admit the patient and he has since died in the house of a freedman as I am told near this Hospt. The wife of the patient was with him, and she applied to me to day for a Coffin, but I declined to bury her husband. He is not yet buried

One man was brought here & might picked up on the streets. He came in twenty four (24) hours.

Some of the patients brought here for the past week belong in this City. I have not seen the Mayor

but I judge he expects the Bureau to provide for the non resident, while the City will provide for the resident Colored paupers. This is very unsatisfactory as was in part founded upon the fact that Genl Devin told me that the Mayor promised to provide for the patients in Hospital belonging to Savannah, and from the fact that the Mayor has sent patients to this Hospital since Genl Devin conversed with him.

I judge, and in fact have been told by physicians that there is considerable sickness among the freed people just at this present time occasioned undoubtedly by the sudden change of weather from warm and dry to cold and wet. I would respectfully state that the Inspecting you ordered has not yet been made as Capt Hoag has not been able to attend to it.

I make the foregoing report for your information, hoping that my conduct in the case mentioned will meet your approval even if it does bring upon me the charge of inhumanity.

Hon. T. A. Elliot
Chairman Com. on Freedmen's Affairs,

Sir.

In reply to your letter, dated December 9th 1867, calling my attention to the Resolution of Congress with regard to the Continuance of the Freedmens Bureau, and calling upon me for facts within my knowledge tending to shew the necessity for continuing it or otherwise, I have the honor to state, that I have just completed my Inspection of the Hospitals, and Dispensaries in this State, and do most conscientiously believe, that there is a greater need for the Bureau now, than there has been at almost any period of its existence. I will only mention a few facts out of many that have come to my knowledge. In consequence of the partial failure of the Cotton Crop last year, and the low price of Cotton, even of the planters, have more than exhausted their working expenses, and in consequence, very few contracts have been made, or are likely to be made, with the

Com

freedpeople this year, and old residents in Georgia, perishing as very likely to as soon, in consequence of the unusually mild winter we have hitherto had. What will become of these people if the Freedmen Hospitals and Dispensaries are closed, when their little means are all exhausted I leave it to you to imagine. Thus far it may be said, that the necessity for the continuance of the Bureau is more prospective than present, but, even at the present moment, could an reasoning which shows the suffering entailed by contracting the operations of the Medical Dept of the Bureau,

Under instructions from Head Quarters, I closed the Freedmen's Hospital at Columbus, on the 16th Dec 1867, and ordered the Surgeon in charge of the Hospital at Savannah, to receive no more patients, with a view to closing that establishment also. I have since received a communication, from, under date January 4th 1868, reporting that freed people are daily brought to Hospital in a dying condition, having no homes nor friends in the City &c, and have in consequence been obliged to request the Post Brig Genl E. E. Kelley A.A.G. Asst Com of this State, to give discretionary power to admit such cases, until means shall be adopted to compel the Civil Authorities to provide for them.

The same state of affairs would result were I to attempt to close the Hospital at Augusta, and in a much

greater degree were I to attempt to close the Hospl
here, and arises from the great numbers of Colored
people who have flocked to the towns from the
country Districts, and whom it is hardly fair to
compel the City Authorities to provide for, as they
will have enough to do, to provide for the resident
freed people. I have therefore been obliged to suspend
my closing the Hospl at Augusta for the present,
that at Atlanta I had before seen it would be impos-
sible to close for some time at any rate.

I believe that humanity requires the Continuance
of the Bureau, and that the work will be done better, and
more economically by it, than by any other means that can
be substituted.

I have the honor to report that, in pursuance of instructions received, I wrote to A.A. Surgeon F. K. Clement U.S.A. in charge Freedmens Hospital Savannah Ga, on the 20th of November 1865 (Copy enclosed No 1) directing him to receive no more patients, with a view to closing that Hospital.

Upon receipt of that Order, Dr Clement wrote to me privately that Patients were constantly being brought to his Hospital, and that the Managers of the City Hospital refused to admit them. On the night of December 20th 1865 I left for Savannah, in company with Major Lewis A.A.G., and found on seeing the Mayor of that City, that he had no power to order the admission of a single patient to the City Hospital, but he promised to have the sick freedpeople belonging to the City looked after by the City Authorities.

Since that time I have received a letter from Dr Clement, (Enclosure No 2) in consequence of which, I have been obliged

I apply to you for a discretionary power to be granted to Dr. Chesnut to admit such Cases as those mentioned in that letter, to his Hospital.

In consideration of these circumstances, and the suffering that must result to the poor people from the closing of the Hospit at Savannah at this inclement season, I have the honor to request that Authority may be granted to suspend all proceedings to close that Establishment for the present.

I have the honor to acknowledge receipt of your letter under date February 1st 1848. and in reply to state that in my reply dated January 15th 1848 to your endorsement dated January 6th 1848. returning Requisitions for Medical and Hospital Supplies for 1st Quarter 1848. for explanation &c. I mentioned the cause of the substitution of Brandy for Whisky, and also the reasons which had led to my approving Dr Hodges requisition for an Obstetrical Case. With respect to Dr Taylors Requisition, I have to express my regret that any Articles not on the Supply Table should have been approved by me, and cannot understand how such an error could have occurred, as I compare all Requisitions carefully with the Supply Table before forwarding them to you.

With respect to my report dated December

23d 1864 of the "great delays in the receipt of Presidential and Vice Presidential despatches" it was called forth by reports made to me personally by the Judges at Atlanta and the Judge at Savannah, and of the embarrassment caused by such delays, as well as officially by Gen. Sherman at Atlanta. The delay in the receipt of these despatches at the two former places was, I believe, unavoidable, and at the latter, was the fault of the P. M. Dept or the Railway people here. None of the Authorities at New York.

In reply to your letter of June 16. 68 I have the honor to state that instructions have been sent to the Asst. Assr. Commissioner and Agents of the Bureau in this District to have the sick enlisted men detailed on duty with the Bureau relieved and sent, whenever possible, to the nearest Post Hospt. at all stations where there is no Bureau Surgeon. Post Commanders has authority to relieve men so reported sick without reference to the Asst Comr of Georgia.

By this arrangement, which I trust will meet your approval, no cases of sickness occurring among detailed men on detached duty with the Bureau will be allowed except when it is absolutely impossible to remove them.

Sir.

Agent for J. Tice at Damon in Mitchell Co reports to this Office that there are a good many freedpeople in his district unable to provide themselves with medical attendance, and who are suffering principally from "agues" & complaints arising from Billious Stomach.

You will therefore make up and forward to him a small supply of Medicines useful in such cases, and such kindred complaints as your Experience may point out to you, with directions for using the same, and you will also forward such general directions as to their use.

It will also be well to send at once by some conveyance, but not by the Mail, a number of the blank Certificates of this Office on which to issue Transportation to Freedmen. You will Consult with the Asst Commissioner of this District before issuing Transportation.

The supplies of Medicines may be procured from the Surgeon in charge of the hospital at Albany, but should not in small quantities at a time.

Very respectfully &c

charged, with the expenditure of 131 thousand dollars
per annum. A proposition was made to the City Council to take
from the Hospital fund the sum of Twenty thousand dollars, by giving them the
use of the building, and a supply of Hospital stores, medicine,
but was declined by them on the grounds, that such a system
once introduced, would become perpetual, and would foster
pauperism. There is a Dispensary in the City where the prescriptions
of regularly qualified Physicians, approved by the Mayor are
made up gratuitously, but as the case can rare, when these
prescriptions are obtained without a fee to the Physician, the
benefit to the really indigent is problematical.

An application has been received since the closing of
the Hospital from Dr. S. R. Clement the keep, in charge, re-
questing that a Branch Dispensary may be established, and
setting forth the amount of suffering caused by its
withdrawal, but it was not deemed advisable to accede
to that request. Dr Clements' Contract will be annulled as
soon as he has got rid of the property under his charge and
rendered his final accounts.

Of Dispensaries there are at present in operation 18 viz
viz Albany, Sackets, Canandaigua, Brownsville, and Darien.
The Dispensary at Albany has been of the very greatest consideration
the year, and especially at this season, the number of patients
is very large although the pressure on it has been partially

[illegible] Maris in Charge of Marine Barracks Washington Capt Taylor shall visit Paris at least once a year. As long as the arrest of the present sickly season is over, I shall proceed to close up as rapidly as possible all the [illegible] Establishments.

In the course of the day I shall have the honor to forward during the year I shall report the accompanying [illegible]

In concluding this Report I would say that the Marine Officers generally have done their work faithfully & well. Some instances of misconduct among them have occurred which as they were discovered, and of some of these contracts have been annulled at their own request or in consequence of their services being no longer required in the carrying of the Regulations of which they had Charge &c. Capt Mallory, U.S. Lieut. Col. F. H. Mallory, I can conscientiously say that he performs their duties faithfully & well & that he has been glad to employ them at all times when it was possible. This is especially the

Gentlemen.

I have this morning received a note from
William H. Hodges Jr. who states that you have the management
of the affairs of Dr Chas Hodge, late Acting Asst Surgeon at Albany
in this State, & that you desire to have any papers for him handed
over to you. Dr Hodge's Contract was annulled January 23. 64 & he
will be due to pay for 23 days, pay from 1st to 23 January 1864
inclusive, amounting to about twenty six dollars ($26.00). I have
on file at this Office his Certificate of indebtedness to the
Medical Dept of this Bureau & the delay in handing to Dr Hodges
or his assignee, the balance of Pay due him has arisen from his having
neglected to send in his Return of Bureau Property for January '64.
I find however that the Bureau property in his charge, has
been accounted for by the receipt of Dr Ch. Rensselaer, his
successor, with the exception of (one) Common chair, valued

at the amount, four Dollars (15 ℔). If you have a Power of Attorney, or any other authority, empowering you to act for Mr Chas Lodge, you had better write to the Mayor Genl O.C. Staunds Pension Bureau R. F. & A. Washington D.C. Enclosing the authority, & stating the Circumstances, & I have no doubt that he will order the Balance of Pay due to Mr Lodge to be paid over to you.

If Mr Lodge is dead, as stated in Mr Kindleys letter, you will require to have evidence of the fact, & get Mrs Lodge's Authority for you to obtain the Balance due to him.

If I can be of any use in assisting you to obtain a settlement of Mr Lodges Claims you may freely Command me.

I remain, Gentlemen

Sir,

You will report to this office the names, ages & the exact address, as far as possible, of the Children claimed by John Bemo, freedman, as now residing in Marion County Flo. You will also discover whether this freedman has married by any other woman while residing in Tampa Flo. and any other particulars with regard to him & his Children (claimed) that you think will help in establishing his residence, as the authorities of Hillsborough are desirous to discover it. You will send a copy of this report to Capt. Hoag A. Adjt. Gen. U. S. Forces Ala. Miss. Louisiana Geo. & Flo.

Sir

In reply to your endorsement dated Nov. 16th & 18th 68 on my Communication dated Nov. 11th & 16th 68 I have the honor to inform you that John Burns the freedman therein referred to last lived with Thomas Leahy of Dawson Terrell Co. from January 1st 1866 to November 1866 when he was admitted into the Freedmens Hospital Macon Ga. He is blind, age 45, but is otherwise a healthy man, and claims to have children able to support him now living in Dawson. I have written to Dr W. F. Bours to find out the ages, sex and address of these children and send them and any other particulars with regard to them that he can discover to you. You will be good enough to find out the circumstances of these Children and whether they are willing to support the freedman and report to this Office. Should you find in the course of your investigations that the freedman lived in Dawson, it is the desire of the Asst Comr that you should again call on the Civil Authorities for his support in the event of his having no Children fully as Claimed,

or of their being unable to support him.

It is not the province of the Medical Board to send soldiers for support to the Authorities of any Co. to which they do not properly belong, but it is not just that they should forfeit their pensions and consequent Claim on their proper Counties by their having been taken care of temporarily in a Barrack Hospital.

I have to report that the Medical Board, for the 18th Regt. N.Y.S.V. assembled at Troy, pursuant to the Order of the Adjt. Genl. of the State, and has examined the undersigned, and found him qualified for promotion.

The Board granted by the Act of Congress of July 17th 1862, which was sent to the Surgeon, was based on the supposition that the Regt. was in the field, and the Board was instructed to grant a certificate to enable him to draw Commutation of Rations.

As the Regt. is now in Winter Quarters, the Board is unable to grant the certificate, but will forward a Report to the Adjt. Genl. of the State, directed to the Act of July 17th 1862, and the Surgeon will be instructed to make out a special Return for Commutation for the time which, under the circumstances, will appear, and forward to Washington.

I have the honor to submit the following report of the penal operations of the Federal Dep't of the Bureau in this State from October 1st to December 31st 1868.

The only Military Subsistence at Brazos is issued on the Contract of Dr W F Bowe cancelled on the 31st Dec 1868. All the patients in the counties, were sent to the Care of the Civil Authorities of respective Counties as far as possible and the remainder with the Rations and a supply of Medicines on Dep't Surgeon

two officers were handed over to the Authorities of Bill Co. on the 2nd recommended to be appointed by the Court on Friday engaging to maintain an Infirmary or Asylum for the benefit of indigent Colored people.

The Dispensaries at Newton, under charge of Dr J. H. Couch, at Amenia, under charge of Dr J. W. Cider and at Bonesville & Cairo, under charge of Dr C. H. Taylor, were closed on the Contract of the Surgeons annulled on the 30th Nov. 1868. These Surgeons were instructed to forward the Medicines remaining on hand to Dr W. F. Bowne at Newton.

The same instructions were sent Dec 2nd 1868 to Dr Ch Vanderventer at Albany with a view to his doing likewise on or about the 20th December. Mon Defriebe instructions were sent to him on the 19th Dec, and the Dispensary was finally closed on the 20th Dec, his final Weekly Report of sick was expended being dated Dec 19th At the time instructions were first sent to these Surgeons to prepare for closing their

Respectfully, have the honor to forward at once to their Office, a list of the property which would remain on hand, to that a Consolidated list might be made out, and forwarded to Washington for Authority from the Chief to sell the whole at Macon, but in consequence of the de-
-fect of the Steamer not complying with their Orders
they did not arrive at this office till the 17th
the Consolidated list was at once made up & forwarded
to Washington whence it was returned on the 21st Dec.
with the most Sanctions, when instructions were immediately
issued directing the property to be sold at Auction on
January 5th 1865 thus causing a delay in finally closing
up the operations of this Bureau which I very much regret.

For months past the Negroes have been running the
Colored people of the approaching closing of the Bureau,
& of the necessity of their looking after themselves in
sickness, as well as in health, & have in consequence
more or more than attention to those who were entirely indigent.

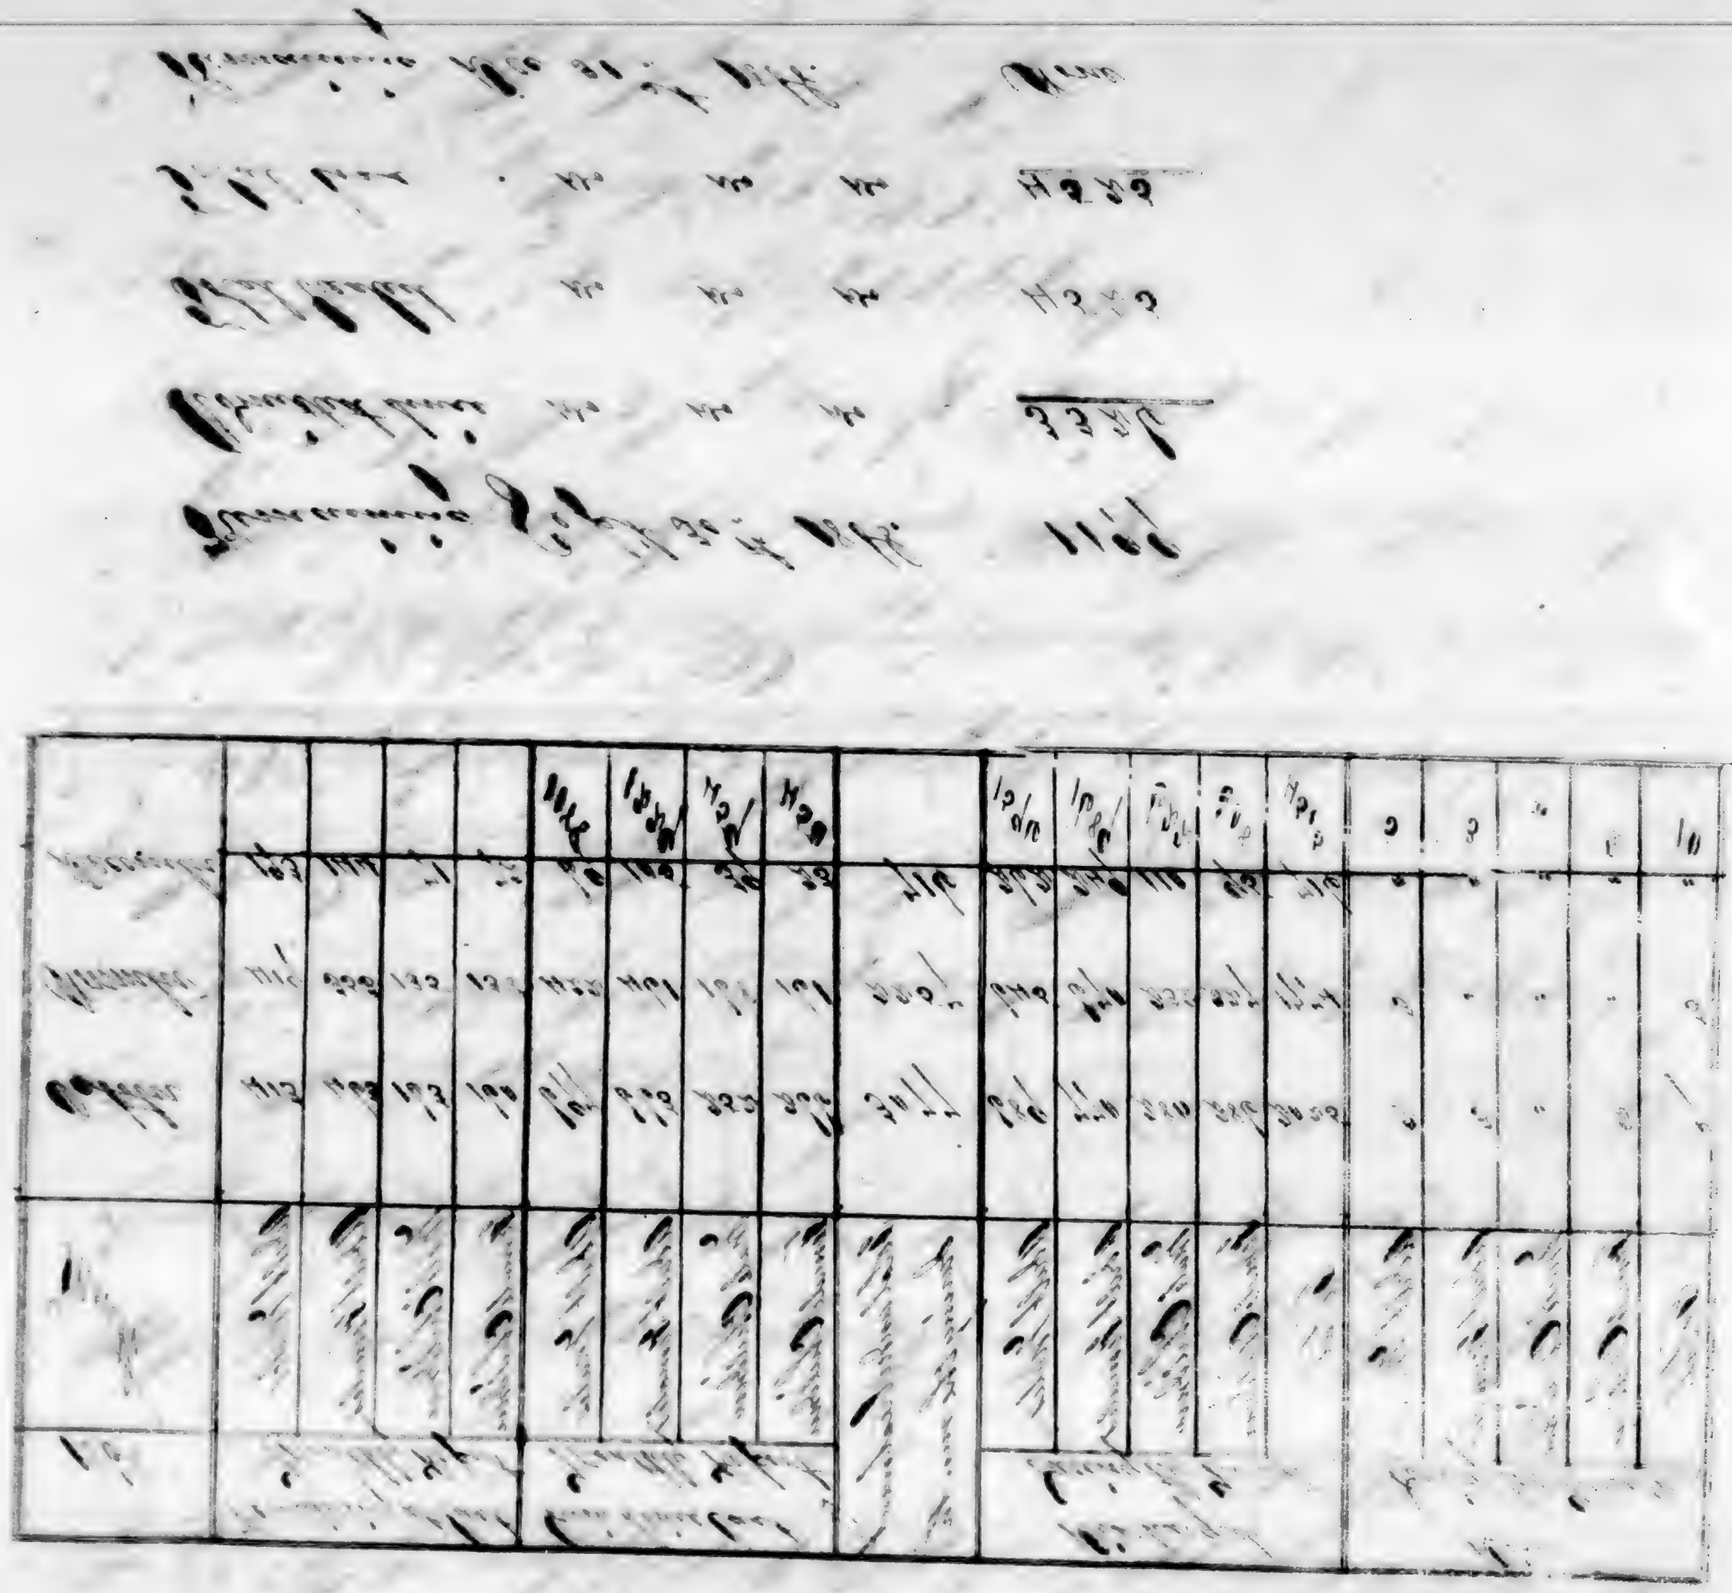

By this means as well as in consequence of the termination of the sickly season, the numbers applying for relief have daily gradually become smaller & the probabilities are that the Colonists people are as fully prepared now as they will be left for themselves.

For the relief afforded to these poor people during the period embraced in this Report I beg to refer to the accompanying Table.

I cannot conclude this Report without thanking you for the courtesy which has marked your official Conduct to me, and for the assistance you have so invariably rendered in the discharge of my duties and the Surgeons who have served in this State under my directions for their cordial co-operation in the faithful discharge of their duties.

I am respectfully

page 42	Endorsement Continued, on Monthly Statement of Hosp't Fund of A A Surg J R Clement USA returned for correction. Freedmen's Hosp't Savannah Ga Aug 23 1867. I have the honor to State in explanation of discrepancy in the Statement of Hosp't Fund for the month of June 1867, that the outstanding and unpaid debts are put in the wrong place. The balance due Hosp't from the Commissary on the 30th day of June was $215.11. The outstanding and unpaid debts was $22.35. which being deducted from $215.11 leaves a Hosp't Fund of $192.79. The error consists in not completing the Statement before deducting the Outstanding and unpaid debts. I suspended my Steward had conformed to the Form given in "Officers Manual" but on referring to the book I see he has not. I make out a new Statement for July corresponding to the form given in "Officers Manual" and not adding the outstanding and unpaid debts with articles purchased as in June, It was careless in me in not noticing this error, and the other errors referred to, and I hope not to have the same occur again. Respectfully forwarded with the request that Dr Enoch be appointed, as he is a good man for the place, being sober & of good moral habits, and has been the leading Physician of this County and has always been a Charitable man, practicing whenever called without pay when they were not able to pay him, and to my certain knowledge he is now attending many indigent people, and not one in twenty of the freedmen who he has attended can pay him one cent, having nothing due them from their employers, and he has lost the practice of those who were able to pay him, on account of his political opinions, he is in favor of reconstruction according to the "Sherman Bill" and endorses all the act of Congress, & I am satisfied, should he be appointed, he will render perfect satisfaction in the discharge of his duties.

Office Surgeon in Chief Atlanta Ga Jan 13 1868.
Respt returned to Bvt Lt Col S A Edwards Surg U.S.A. E & M O. B R F & L stab. The enclosed Requisition for Atlanta was approved in consequence of Dr N W Aldrich's remarks representing the necessity of the Extra Articles called for being supplied, and my own knowledge of the correctness of the remarks. Complaints have been made by the Surgeons serving in this State of the inferiority and uselessness of the Whiskey issued out to them in the 4th Quarter of 1867, instead of the Brandy formerly supplied.

The Requisition for an "Obstetrical Case" at Albany was approved, as it is very much required there and though I am aware that these are not generally furnished to Dispensaries yet I would respectfully request that it shall be furnished in this instance.

The Requisition from Brunswick was approved.

Americus Ga 1868

This account is separate from those recently returned. If the same Bank receipt is not sufficient for both, I will forward another as soon as notified. Thus are so many contradictory requirements emanating from every Quarter, that I scarcely know what to do— please send me full information to guide me in the future— my accounts have been sent for & returned several times before payment— every time some new requirement being made,— which I invariably complied with. If such a state of affairs is to exist, I cannot afford to do the practice as it is more trouble than it is worth.

Edwards A. A. Surg U.S.A. & E. M. Or	not consider an account for Diseases of that class, a proper & just claim against the Bureau, but, as the attendance has been rendered, I do not see how payment of that account can be avoided, with this exception, that I consider the Charge fifteen Dollars ($15.00) exorbitant for the very slight operation proceeding necessary in such a case. With regard to private Wm Sandelandi case (Sub Voucher No 2) two and sometimes three visits a day are charged without any Statement of the Circumstances of the case, as required by Circular Letter from the Hd Qrs Bureau R & F. A. L. under date March 15. 1868. These men could have been sent to the Post Hospital at Macon for treatment, as I am informed by Genl Libby that Brt Lieut Col Poston 16th U.S. Infantry, Commanding that Post (within the limits of which Americus is) has authority to relieve any man and substitute another, without reference to Hd Qrs Sub Dist of Ga, on application of the Agent. Reuton Ga April 16. 1868 Respt returned to Dr James M Enoch Surg in Chief enclosing "pay accts" as required. I had no other Blanks. The reason the "pay accts" were not sent this your office, I had forgotten that any such order was in existence & had always sent my "pay accts" to Genl Gallagher but in future will send them direct as required to your office. The reason there was no letter of transmittal, the "pay accts" were sent with my "postage" and rent accts" to Genl Gallagher with one letter transmitting the whole. In future I will be particular to forward letters of transmittals with all papers. (Signed) James M. Enoch A A Surg U.S.A.

Therefore requests that the within mentioned Articles be sent him without delay to be used as Special Disinfectants.
Sept 18 1867	Lewis J. R Maj & A. G. Genl 2	Atlanta Ga Sept 16 1867 States that a full Report of the operations of the Med Dept of State of Georgia, for the past year, will be required by Oct 5 1867 without fail.
Oct 27 1867	Laing James M Surgeon in Chief 3	Atlanta Ga Oct 16 1867 States that another A A Surg is much needed at Albany, as it is impossible for one Medical Officer to do justice to the immense number of poor people who apply for Med Assistance. Strongly recommends the establishment of a Hospt at that place, or at least that the Disp be made an establishment for out door relief, and not for the supply of Medicines only.

L B page 109 No 1/67	War Dept. R.B.F. Refs. Washington D.C. Nov 12 1867. Respt referred to Bvt Col J A Edwards A.D.C. for his recommendation By order of Maj Genl O Howard. (Signed) E Whittlesey A A A G
	Respt returned to A A A Genl R & F Refs. Agreeably to a previous request of the Surg in Chief Dist Ga a Contract was sent to Dr Lodge at New Orleans and transportation orders were requested from the Chief Q.M. R & F Refs for transportation for Dr Lodge from there to Atlanta Ga, all of which were forwarded from this Office on the 6th inst with an order enclosed for Dr L to report for duty to the Asst Com Dist Ga. But it appears from the within communication that Dr L must have started from New Orleans before these orders reached him. I would therefore recommend that the transportation orders may be made available to defray the expenses of Dr L after he arrives at Atlanta. R & F Refs A.D.C. Washington Nov 14 1867 (Signed) J. A. Bureau R. F. & A. L. Office Surgeon in Chief
Atlanta Ga March 27 1868.

Respt returned to Bvt Brig Genl J. J. Milham Surgeon U.S.A. Medical Director 3d Mil Dist.

Dr Daltons Contract with Bureau R. F. & A. L. was annulled by me for intemperance as stated in endorsement by Surgeon Genl U.S.A.; but as reported to me in a letter to Surg R. A. Edwards U.S.A. Chief Med Officer Bureau R. F. & A. L. under date October 26th 1867, there were many extenuating circumstances in his case, and he had been a most faithful and hard working Agent of the Bureau from the date of his Contract (November 27/66) up to the annulment of his Contract (Dec 7 1867).

Previous to his Contract with this Bureau he had been almost Continuously in the service of the United States since 1862, first as Asst Surgeon 28th Ohio Vols, and afterwards as Act Asst Surg U.S.A. and had I believe been a good character.

He has, I have reasons to believe, completely reformed, and on this account & on that of his long and faithful service, I would beg leave to recommend that another trial may be given him.

	know or remember the Conductor; that there were no persons present who saw it, that he was standing on the steps of the Car, ready to leave the train, when the Conductor without a word threw him off the train while it was yet in motion. This statement is so contradictory, compared with those made previously, that but little reliance can be placed upon it. I beg to draw your attention to the endorsement of Mr Baldwin Agent R.R. at Jonesboro and to the three (3) enclosed affidavits made by persons who saw him at Jonesboro, and one of whom sent him here upon his own expense. He stated to them that he wanted to go to Atlanta, had only money enough to carry him to Jonesboro and was told by the Conductor that he must leave the train at that place; that he jumped off the train not knowing it was going to halt there, and by so doing broke his leg. ADDRESS.	
	Surgeon in Chief Dist of Ga. It is believed from the circumstances and reasons related therein, that it would be impracticable to close the Hospl at Savannah at the present time, and cause great suffering amongst the freed people of that portion of the State, as it appears that the Civil Authorities are not yet prepared to care for their indigent sick, and it is strongly recommended, that the authority requested be granted. 	Bureau R. Frdmn Office Chief Med Officer Washington D.C. Feby 11 1868 Respt returned to the A.A.Genl Bureau R. Frdmn It would seem that the efforts made by the Bureau to reduce the number of its Hospitals has been successful in some of the Districts, and in others quite unsatisfactory. There may be reasons why a Hospital is more required in Savannah, than in Norfolk or Fredericksburg or Lynchburg or Raleigh or Atlanta and other cities where large numbers of negroes are congregated, but they have not as yet been clearly presented to this Office. Whatever the necessity of caring for the destitute sick freedmen at Savannah seems to fall upon the Bureau, the Hospl at Savannah must therefore receive them. I would recommend that Efforts be renewed in the Spring to reestablish the Hospl system in the State of Georgia. (Signed) J. J. A. Edwards Surgeon U.S.A. Bvt Lt Col U.S.A.

Respt returned to Dr James M Caine Surg in Chief Bureau R F ed A. L. Atlanta Ga. this Dist Ofr Stowell A A Comr Albany Ga with the information that Edmond Johnson Col'd having been hired by Dr Chas Lodge late A A Surg in Charge of Dispensary at $15.00 and one ration daily per month. The information contained in the within communication, proves this to have been an error, which was commenced by Dr Lodge ed continued by unjustly. The same can hereafter easily be remedied as far as the Seamstresses are concerned, while the witholding of the ration by Edmond Johnson will be in violation of the agreement made with him by Dr Lodge ed will in reality reduce his wages below an equitable Compensation for his, or any other Attendants Labor, so that same for the purpose of increasing his wages, if he loses his rations, is respectfully recommended.

I also respectfully state, that the "Ration Returns for May, are made out, approved by the Asst Comr ed forwarded to Dist J M Ewell A A G M. Macon Ga. upon the receipt of this communication, which will cause him to issue rations to the Attendants ed Sm Seamstresses for the month of May, three rations more than my Attendants Report will enable me to draw.

I respectfully ask to be instructed how best to remedy these differences ed discrepancies ed how to compensate Edmond Johnson for the loss of his ration.

Feby 27 1868	Sprague J. T. Ed Jr. U.S. Infantry and Asst Comr for Fla. 4	Jacksonville Fla Feby 1 1868. Transmits a list of inmates of Hospt at Magnolia. In view of the dissolution of the Bureau during the coming year, makes it necessary that inmates of said Hospt be provided for, suggests whether it might not be deemed expedient as well as economical to transfer them to the nearest Hospt of similar character in an adjoining State.

Bureau R. F. & L. Office Chf Medical Officer
Washington Feby 19 1868.
Respt returned to the A.A.G. Genl Bureau R. F. & L. On inspecting the enclosed list of patients in the Hospt at Magnolia, and from the records of this office it is inferred that there are probably from Eighteen to twenty who must need be cared for by the Bureau at some place. Some eight or ten of them have already been in hospital for two years, and if they could be transferred to some other hospital, and the establishment at Magnolia broken up it would be a decided saving to the treasury and doubtless an improvement in every way. I would therefore recommend that instructions be given to transfer them to the hospital either at Macon or Augusta, as the Asst Comr and Surg in Chief of the Dist of Georgia may regard as most suitable.

J Tilley C C Asst Comr	Bureau R. F. & A. Office Surgeon in Chief Atlanta Ga Feby 27. 1868. Respt returned to Bvt Brig Genl J. J. Tilley A.A. Asst Comr Dist of Georgia. I beg respectfully to state the following reasons why the transfer of Patients from another State, as recommended within should not be made. These patients can be provided for in no other way in this State than by Government, and, in view of the closing of the operations of the Bureau during the present year, it would be hard to give these people a claim by residence, on the Civil Authorities here, who are unable to provide for those already having a claim upon them, as shown by it's being necessary to request Authority from Washington to keep open some of our Hospitals. With regard to the Insane in the enclosed list. I would direct your attention to the fact that there are no accommodations for such cases at any of the Hospitals in this State, all these cases having been transferred to the State Lunatic Asylum in Augusta last. J. Ford Surg. in Chief.

April 4. 1868	Maddox F. M. Agt M. & M. R. R.	Clayton Co Ga March 21. 1868. Deponent says, that on or about the last of January or first of Febry 1868, he saw in the town of Jonesboro, a freedman, name unknown, in a crippled condition, his leg being injured to such an extent that he could not use it. Asked him how he came in that condition, and he told me that he was on the night Passenger Train going from Macon to Atlanta and he not having money enough to pay his fare to Atlanta, the Conductor of the train told him, that he must get off the train at Jonesboro and when the train arrived at Jonesboro, and while it was still in motion, he jumped off, thereby injuring his leg. He said the reason he jumped off, was because he thought the train was not going to stop. Sworn and subscribed before me this 21st day of March 1868. (Signed) R. F. Holliday. J.C.C.

Bureau R F & A L Office Surgeon in Chief
State of Ga. Atlanta Ga. Aug 1st 1868

Respectfully returned to A A Surgeon Chas Ranshenburg for correction.

In General Summary Nos. remaining at date of this Report are all wrong. In Tabular List of Diseases, new cases of Female Children was given as 125 instead of 127, but this was corrected as it was supposed to be a mere Clerical error, the number being given correctly in the General Summary. Dr. Ranshenburg will make the proper correction in the Retained Copy of this Report.

Name of Dispensary must be entered on outside.

	Office A.A. Comr. R. R. F. and A. L. Thomasville Ga. Sept 3d 66. Respt'd returned with the following report, that the facts set forth by Dr Gould are substantially true. There is more sickness in Thomas County than was ever before known, as old citizens say, and within two weeks quite fatal. Dr Gould is very poor has had work to live, yet he is constantly at work for the poor freedmen. He has not only exhausted his own supplies, but has been furnished with money to purchase supplies, which has also been exhausted. The Dr has an extended practice and I doubt if one half will be able to pay him any thing. I would therefore recommend that he be furnished with Medical Supplies. also if consistent with the public service to be paid a small salary, as he is very poor and devote his whole time to the freedmen. This I ask without his knowledge, believing his services deserve it. (Sgd) T. F. White A.A. Comr.

	Sept 6 '68 Referred by Lieut E.E. Adams 33d Inf. Post Adjt Fort Gaines Ala, to Capt C. Whiston Co I 33d Inf. for inquiry as to whether the men named within ever were at Marietta Ga. & whether they reported to any Officer of the Army thereat, & for such other information as he may have in the matter, these papers to be returned.
	Sept 8 '68 Returned by Capt Whiston with the information that the within named men, were at Marietta Ga from April 1st to Feb 1st '68 on duty with the R.B.F.& A.L. & reported to Bvt Maj Gen Gillem U.S.V. that there was no army Med Officer there, that some Med aid was received from the hands of Dr F. Herman Nichols. The men state that they are unwilling to make affidavit that the Accounts are "to the best of their knowledge" just & correct. Corporal Fitzgerald further stated that Major Gen Gillem disputed the Account of $40.00 & that one Dr Dunwoody was employed & attended to the sick under his charge, that they paid (Dr Nichols) money at different times.
	Sept 8 '68 Forwarded by Lieut E.E. Adams Comdg Post of Fort Gaines Ala to the Hd Qrs Right of Lines who states "it appears from the Endorsement of Capt Whiston that Dr Nichols is not entitled to any compensation."

	Sept 16 '18 Returned to Maj Monthath A.A.G. by W. J. Bryan Agent Marietta Ga with the information that the Medical Off of Dr F. Thomas Nichols against Corporal Fitzgerald Co private Hatfield 55 U.S. Inf was contracted if at all before the 1st of Jany '68 at which time I came on duty at Marietta, consequently I have no means of knowing whether it is correct or not.
	Sept 17 '18 Returned by Maj Monthath A.A. Comr Atlanta Ga. to Agent W. J. Bryan The endorsement of 14th Inst Dept of the South of Sept 11. '18 &c of Asst Comr Sept 14. '18 call for an examination or investigation of the claims of Dr Nichols. Mr Bryan will make inquiries at Marietta &c & endeavor to get the true facts in regard to the demic rendered by Dr Nichols &c the reasonableness of the price charged, also the kind of disease treated. He may also call upon Dr Nichols for additional evidence to prove his claims. This papers to be returned with report.
	Sept 20 '18 Returned by Agent Bryan to Maj Monthath with the information that he called on Dr Nichols who endorses on additional Statement of facts, &c two notes given by Corp. Fitzgerald &c & private Hatfield for the same bill. Said notes once presented to them by myself, they declined to pay them as they claimed the Govt had to pay their bills, they admitted that Dr Nichols had treated them for Syphilis, while on duty with Maj Gray, the prices charged are not more than is customary in bad cases of Syphilis, - being a disease of a very private nature it is impossible to find persons who know anything about them having treated for it.
	Oct 1 '18 Returned to the Asst Comr by Maj Monthath the matter attention to endorsement of Agent Bryan &c in case of Corp. Fitzgerald &c & private Hatfield enclosed.
